1. Introduction

1.1 About EPIC.submit

EPIC.submit is an online application that allows Certificate/Exemption Holders to submit management plans and other post-certificate documents to the Environmental Assessment Office (EAO). The system streamlines the submission process, tracks document versions, and facilitates communication between users and the EAO.

1.2 Who Should Use This Guide

- **Certificate/Exemption Holders:** Organizations that need to submit management plans and other documents to the EAO

1.3 Key Benefits

- **Streamlined Submission Process:** Submit documents directly to the EAO online
- **Status Tracking:** Monitor the progress of your submissions
- **Version Control:** Keep track of document versions
- **Team Collaboration:** Work with team members on submissions
- **Direct Communication:** Receive feedback and requests from the EAO

2. Getting Started

2.1 System Requirements

To use EPIC.submit, you need:

- **Login Credentials:** A BC Services Card or Business BCID
- **Email Address:** A valid email address to receive notifications

Accepted File Formats:

- PDF
- Word documents (.docx)
- Excel files (.xlsx, .csv)
- JPEG/JPG

- PNG
- Spatial files such as shapefiles

NOTE: Max file size is 500mb

2.2 First-Time Login Process

1. Receive an account setup link via email from the EAO
2. Click the link in the email (note: this link can only be used once)

3. Select your login method:

- **BC Services Card**
- **Business BCeID**

Login with your Business BCeID

For more information on registering for a Business BCeID, visit <https://www.bceid.ca/register>

Login with Business BCeID

Login with your BC Services Card account

For more information on how to use or set up a BC Services Card account, visit www.id.gov.bc.ca

Login with BC Services Card

4. Enter your credentials for the selected login method
5. You will be directed to the Contact Information screen

2.3 Subsequent Logins

1. Go directly to www.submit.eao.gov.bc.ca
2. Click the **Login** button in the top right corner
3. Select your login method (BC Services Card or Business BCID)
4. Enter your credentials

2.4 Setting Up Your Contact Information

When logging in for the first time, you will need to set up your contact information:

1. Enter your Given Name and Surname
2. Enter your position or role at your company
3. Enter your phone number and work email address
4. Click the **Save** button

Cariboo Gold Project

Welcome to EPIC.submit

Please provide your information to set up your account for Cariboo Gold Project.

Project Administrators can

- Access all the submissions
- Create new submissions and submit submissions to the EAO
- Add users and manage user access

 Submit

The B.C. Public Service acknowledges the territories of First Nations around B.C. and is grateful to carry out our work on these lands. We acknowledge the rights, interests, priorities, and concerns of all Indigenous Peoples - First Nations, Métis and Inuit - respecting and acknowledging their distinct cultures, histories, rights, laws, and governments.

5. You will be directed to the Project Account page where you can verify your project
6. Click **Confirm** if the project information is correct
7. If the project information is incorrect, click **No, this is incorrect** and contact the EAO at eao.managementplansupport@gov.bc.ca
8. After confirming, you will see a success message indicating your account has been set up as the Project Administrator
9. Access the home page or the user management page to add other people to the project account

2.5 Accessing the User Guide

To access the most recent User Guide, navigate to the bottom right of the EPIC.submit and click the link.

Getting Started with EPIC.submit

To begin using EPIC.submit, certificate holders will receive a login link and access instructions from the EAO. The intuitive interface guides users through the submission process, allowing for efficient document uploading, form completion, and submission tracking.

For assistance with EPIC.submit, please contact the EAO support team at

EAO.ManagementPlanSupport@gov.bc.ca

[Download the EPIC.submit User Guide](#)

3. Understanding User Roles

EPIC.submit has three user roles with different permission levels:

3.1 Project Administrator

As a Project Administrator, you can:

- Access all submissions
- Create new submissions
- Submit documents to the EAO
- Manage users and system settings
- Add other users to the system

3.2 Collaborator for All Submissions

As a Collaborator for All Submissions, you can:

- Access all existing submissions to view and contribute
- Upload documents and fill out forms
- You cannot submit to the EAO
- You cannot manage users

3.3 Collaborator for Specific Submissions

As a Collaborator for Specific Submissions, you can:

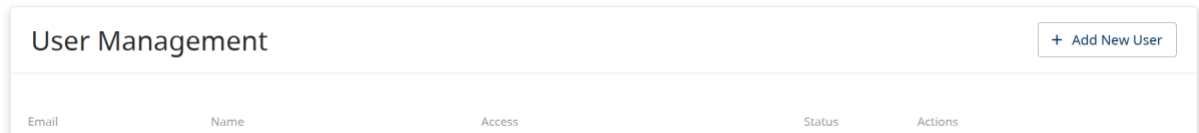

- Access only the submissions assigned to you
NOTE: *a submission must be created first in order to assign a Collaborator to it.*
- View and contribute to those selected submissions
- You cannot submit to the EAO
- You cannot manage users

4. User Management

NOTE: *Only Project Administrators can add and manage users.*

4.1 Adding New Users

1. Navigate to the User Management page by clicking **User Management** in the left navigation menu
2. Click the **Add New User** button in the top right corner

3. Enter the email address of the user you want to add

A screenshot of the 'Add New User' modal form. The form is titled 'User Management' and contains two main sections. The first section, 'Add New User', prompts the user to 'Enter the new user's email address.' with a note that the user will receive an email invitation. Below this is an empty text input field. The second section, 'Assign Application Access', asks 'What permissions should this user have?' and lists three radio button options: 'Project Administrator', 'Collaborator - All Submissions', and 'Collaborator - Specific Submissions'. At the bottom of the form are two buttons: 'Add User' and 'Cancel'.

4. Select the appropriate access level:
 - **Project Administrator**
 - **Collaborator for All Submissions**
 - **Collaborator for Specific Submissions**
5. If selecting "Collaborator for Specific Submissions," choose the specific submissions from the dropdown menu

NOTE: Submissions must be created before they can be assigned to a user

6. Click **Add User**
7. The system will send an invitation email to the user

4.2 Managing Existing Users

1. Navigate to the User Management page
2. View the list of users in the user management table
3. Check the status of users:
 - **Invited:** User has been invited but has not yet accessed the system
 - **Active:** User has accessed the system and entered their contact information
4. To resend an invitation email, click the resend link in the management section
5. To view a user's profile, click the **View Profile** link
6. In the user profile, you can:

- See their role
- View assigned projects (for collaborators with specific project access)
- Reassign user roles
- Reassign to different projects

5. Creating and Managing Submissions

5.1 Creating a New Submission

1. Navigate to the All Projects page
2. Click the **New Submission** button

3. Select the condition for which you are submitting documents from the dropdown menu

A screenshot of a web form titled 'Management Plans & Related Documents'. It shows a 'Post-Decision' tab and a 'New Submission' section. A 'Create New Submission' link is visible. Below it, a question asks 'What condition is this submission for?' with a note: 'Please note: you can only submit one management plan per condition.' A dropdown menu is open, showing a list of conditions: 'Condition 9 - Independent Environmental Monitor', 'Condition 16 - Community Effects Management Plan', 'Condition 17 - Health and Medical Services Plan', 'Condition 18 - Drinking Water and Water Treatment Plan', and 'Condition 19 - Human Health Monitoring and Management Plan'.

NOTE: You can only submit one management plan per submission

4. If applicable, list any supporting conditions that might interact with your submission

A screenshot of the same web form as above, but now showing multiple conditions selected in the dropdown menu. The selected conditions are 'Condition 9 - Independent Environmental Monitor', 'Condition 16 - Community Effects Management Plan', and 'Condition 17 - Health and Medical Services Plan'. Each selected item has an 'X' icon to its right. The dropdown menu is still open, showing the remaining conditions: 'Condition 18 - Drinking Water and Water Treatment Plan' and 'Condition 19 - Human Health Monitoring and Management Plan'. At the bottom of the form, there are 'Cancel' and 'Next' buttons.

5. Click **Next**
6. Verify that you've selected the correct condition
7. If the information is correct, select **Yes, this information is correct** and click **Create Submission**

5.2 New Package Resubmission

If a Certificate Holder wishes to resubmit a package that is either in progress, submitted, or approved, the Certificate Holder must reach out to the EAO via EAO.ManagementPlanSupport@gov.bc.ca. To create a new package, select the +New button.

 This submission is the version the EAO has finalized for implementation.

Condition: 17

Supporting Condition(s):

Package 2  Package 1

Please Note: This submission is still pending EAO review. Until finalized, it is not considered enforceable.

Condition: 17

Supporting Condition(s):

Package 2  Package 1

NOTE: In the case of multiple packages, the package which is enforceable will always display a message and the shield icon.

5.3 Completing the Contact Information Form

The Contact Information is the person the EAO should contact if they have any question about this submission.

1. Click **Fill/Edit Form** next to Contact Information Form

Management Plans & Related Documents
Health and Medical Services Plan
Contact Information

Cancel Save

2. Enter the primary contact's information:
 - Given name
 - Surname
 - Company name
 - Position/role
 - Work phone number
 - Work email address
3. Enter the secondary contact's information (same fields as primary contact)
4. Click **Save** to complete the form

NOTE: Contact information is editable at any time.

5.4 Adding Consultation Records

1. Click **Add/Edit Files** next to Consultation Records
2. Review the list of required consulted/engaged parties
3. If you consulted with other parties not listed, add them
4. Add any notes or comments relating to the consultation
5. Upload consultation records, comment trackers, and related documents by:
 - Dragging and dropping files, or
 - Clicking to select files from your computer
6. Click **Save Completed Form** to complete this section, or **Save and Continue Later** to save your progress

5.5 Uploading Your Management Plan/IEM

1. Click **Add/Edit Files** next to Management Plan/IEM
2. Verify that your plan addresses all the requirements in the selected condition
3. If the condition references other documents, verify that the plan addresses all requirements within those referenced documents
4. Confirm that all information provided is correct to the best of your knowledge
5. Add any notes or comments related to the submission
6. Upload your management plan/IEM document
7. Upload any supporting documents (e.g., table of proposed changes, tables of concordance)
8. Click **Save Completed Form** to complete this section, or **Save and Continue Later** to save your progress

5.6 Submitting to the EAO

NOTE: Only Project Administrators can submit to the EAO.

1. Ensure all three sections (Contact Information Form, Consultation Records, and Management Plan/IEM) show a status of **Completed**
2. Click the **Submit to EAO** button

Save & Close Submit to EAO

3. You will see a success message confirming your submission

Your plan has been successfully submitted to the EAO. You will also receive an email to confirm your submission.

If you have any question, or need to add or replace documents in your submission, please contact the EAO at EAO.ManagementPlanSupport@gov.bc.ca.

4. You will receive a receipt of submission in your email
5. All Project Administrators will receive an email with a list of the submitted documents

6. Tracking Submission Status

6.1 Understanding Status Types

Your submission will progress through various statuses as it moves through the review process:

Status	What It Means
New	Submission has been created but not started
Partially Completed	Submission is underway but hasn't been fully completed
Completed	All required sections are filled out and ready for submission
Submitted	Submission has been sent to the EAO
Under Consultation Check	EAO is reviewing the consultation records
Update Requested	EAO has requested additional information
Revision Required	EAO has determined revisions are needed
Under Review	EAO is reviewing the management plan
Updated	Submission has been Updated (after an Update or Revision Request from the EAO)
Accepted/Satisfied/Reviewed	Management Plan/IEM has been approved by the EAO

6.2 Document Versioning

EPIC.submit maintains version control for all documents:

- The first version of a document is always version 1.1
- As documents are updated, the version number increases incrementally by 0.1 (e.g., 1.2, 1.3)
- If a revision of the management plan is required, a new package is created starting with the next whole number (e.g., 2.1)
- Each document in the new package will be numbered incrementally

7. Responding to EAO Requests

7.1 Handling Update Requests

When the EAO requests updates to your submission:

1. You will see an **Update Requested** badge on your submission
2. A collapsible section will appear with a message from the EAO explaining what updates are needed
3. The package will be unlocked, allowing you to edit documents
4. Make the requested changes by adding or replacing documents
5. You can add a note to the EAO explaining the changes you've made
6. A Project Administrator must resubmit the package to the EAO

7.2 Handling Revision Requests

When the EAO requires revisions to your management plan:

1. You will see a **Revision Required** badge on your submission
2. A new package will be automatically created
3. You will need to resubmit all documents, including consultation records
4. The contact information will be pre-filled, but you must confirm it
5. Make the requested revisions
6. A Project Administrator must submit the revised package to the EAO

8. Troubleshooting

8.1 Common Issues and Solutions

First-time login: Incorrect Project Information

Problem: The project information displayed is incorrect.

Solution:

1. Click **No, this is incorrect** on the project confirmation page
2. Contact the EAO at eao.managementplansupport@gov.bc.ca to have the information corrected

Unable to Submit to EAO

Problem: The Submit to EAO button is not working or is grayed out.

Solution:

- Ensure all sections of the submission show a status of **Completed**
- If you are a Collaborator, you cannot submit to the EAO; contact a Project Administrator to submit on your behalf

Need to Change Documents After Submission

Problem: You need to update documents after submitting to the EAO.

Solution:

- Contact the EAO at eao.managementplansupport@gov.bc.ca to request that they reopen your package

Invitation Email Not Received

Problem: A user you invited has not received the invitation email.

Solution:

1. Go to the User Management page
2. Find the user in the table
3. Click the resend link to send the invitation again

8.2 Getting Help

If you encounter issues not covered in this guide, contact the EAO at:

eao.managementplansupport@gov.bc.ca

9. Glossary of Terms

Term	Definition
EAO	Environmental Assessment Office
Certificate/Exemption Holder	An organization that has received an Environmental Assessment Certificate or Exemption Order and needs to submit management plans
Management Plan	A document required by the EAO that outlines how environmental impacts will be managed
IEM	Independent Environmental Monitor Terms of Engagements
Consultation Records	Documentation of consultation with required parties
Account Setup Link	A one-time use link sent via email for first-time access to EPIC.submit
BC Services Card	A government-issued identification card that can be used to access online government services
Business BCID	A digital identity for businesses to access online government services
Project Administrator	A user with full access who can create submissions and manage users
Collaborator	A user who can view and contribute to submissions but cannot submit to the EAO
